Triodos Multi Impact Fund is a 'fund of impact funds' investing in a broad spectrum of impact themes, including microfinance in developing countries, renewable energy, sustainable farming, and organic food, via several different Triodos funds.

The fund invests in Triodos funds and products and invests around 30% in Triodos Euro Bond Impact Fund, that invests in bonds of pioneering sustainable companies and democratic governments. The fund invests in investment funds that primarily provide loans and only has a limited exposure to listed equities and private equity. Shares in Triodos Multi Impact Fund can be traded daily. The product may be exposed to risks. Please refer to the prospectus and the KID for more detail.

This table shows the individual performance of the underlying funds, measured against their month-end weighting in the Triodos Multi Impact Fund. This gives an indication of their contribution to the fund. Due to the effect of costs, price fluctuations, weighting differences, subscriptions and redemptions of the fund during the month, the actual performance of the fund can differ from the total of the contribution table.
