| **6** Approve Financial Statements and Allocation of Income  
The Board seeks shareholders' approval for the consolidated and individual financial statements for the year under review. Disclosure is adequate. The financial statements have been audited and the auditors have not qualified their opinion. The reports have been made available to shareholders sufficiently prior to the date of the general meeting. The Board also proposes to distribute a dividend of NOK 5.00 and NOK 4.00 per share, which is covered by earnings. It would be welcomed that the company submitted the approval of the financial statements and the allocation of income individually, under two separate resolutions. However, no serious concerns have been identified and support is therefore recommended.  | For |

| **8** Receive the Directors Report  
Disclosure is considered adequate and the report was made available sufficiently before the meeting. A vote in favour is recommended. |
| **9.1** Approve Remuneration Policy  
It is proposed to approve the remuneration policy. Variable remuneration appears to be consistently capped, and the pay-out is in line with best practice. There are claw back clauses in place over the entirety of the variable remuneration, which is welcomed. The company has not disclosed quantified targets for performance criteria for its variable remuneration component, which may lead to overpayment against underperformance, however this is common practice in this market.  | For |
| **10** Authorise Share Repurchase
